## CEO Report

### CEO Report

The works associated with the Two Rivers Memorial Park is continuing to progress with the majority of the kerbing and concrete paths now complete, the lawns are to go in this month with minor repairs items to be completed by the end of month. The Architect and the Engineer have been on site and have undertaken a detailed inspection of remedial and outstanding works to be completed. All in all I am relatively confident that the project will be completed by mid-September. We have settled on the opening date as the 29th of October with two to three musical entertainers and potential itinerant food vendors to feed our guests. Tables and bin surrounds have been ordered and should be here before the grand opening; fingers crossed.

My staff and I attended the second Phase of consultation for the Aboriginal Heritage Act regulations. The meeting was well attended with representatives from the Shires of Carnarvon and Shark Bay.

Jarrold, Josh Kirk (Greenfields) and I also attended the Long Table Dinner in Carnarvon on the 5th August as an opportunity to meet with Ministers and our Carnarvon CEO, Managers and Councillors. The dinner provided a prelude to a meeting with our Minister for Emergency Services Stephen Dawson. We made the Minister aware of some specific issues affecting our ability to efficiently recover from disaster events and still function as a local government. Mr Dawson was also made abreast of the significant lack of equity between our cousins in the east in regards to our trigger points and inefficiencies for LG's while navigating their way through the DRFWA intricacies. The Minister was very receptive to our concerns and we thank him for his time.

There is plenty of action happening at the Junction Race Course with volunteers and our staff getting the venue ready for the event. As always the event has sold out with tickets selling quicker than hot cross buns.

On the Sunday the 14th of August I went out to the Yangibana Mine Site to see how they are progressing, whilst there I carried out a health inspection of their kitchen and food storage facilities which were all in good order. What this does do is to keep them on notice that we can and will inspect their facilities at any time.

I have been advised by Yamatji Marlpa Aboriginal Corporation that our ILUA will be on the agenda of the Yinggarda Aboriginal Corporation scheduled for the 15th of September 2022.

## Corporate Services

The July period has been absolutely flat tack for the Corporate Team – with the finalisation of our End of Financial Year processes and staff continuing to work on the draft budget simultaneously, on top of our day to day tasks, it has been pretty full on.

The Corporate Team are also busy with event planning as we have several scheduled to take place in the next quarter, such as: Stargazing at the Gascoyne Junction, Gascoyne Food Festival, Community Fun Run, CRC 10 Year Anniversary Luncheon, Two Rivers Memorial Park Opening, the Halloween Family Movie Matinee and the Gascoyne Junction Community Christmas Party.

This month's council meeting will see the Management Team present the 2022/2023 Annual Budget to Council for adoption which has been a mammoth effort from staff to compile, so I would like to extend many thanks and gratitude to everyone involved in this process as it has not come without challenge – great work everyone! With one hurdle overcome, the next big task ahead of staff is our upcoming End of Year Audit and the Integrated Planning Review. Add to the mix, preparing to rate bill for the 22/23 year – certainly no time to rest and just as important for staff to maintain the momentum (bring on Christmas).

Further progress has been made on the medical clinic with more equipment arriving before the end of August and a proposed starting before the end of the year. At this stage the Gascoyne Junction Clinic will have a GP visit each month, with a nursing clinic fortnightly. This has been a slow and steady project however it is close to fruition delivering a much needed service back to the community.

On August 5th, another Flu and COVID Vaccination Clinic was held at the CRC with 12 attendees. At this stage there are no further clinics planned for this year. July saw the distribution of an updated Upper Gascoyne Phone Directory. The feedback on this has been overwhelmingly positive.

The CRC has been successful in receiving two grants in July, one through the State Library to continue to develop the CRC as the digital hub for the Upper Gascoyne. We are in the process of ordering audio and video equipment for recording and editing and a 3D printer. Courses will be held on how to use these new technologies both for business and recreational use. The audio and video equipment will be used towards curating a collection of local history to be recorded online for prosperity. A second grant as part of Mental Health week will see new flooring for the gym being installed over the coming weeks.

Since the beginning of July we have introduced a new data collection system in the CRC for monitoring how the CRC is used for reporting not only to council but to be used in our reporting to DPIRD. We have also reflected on the results of the CRC survey that was conducted at the beginning of the year to determine services and activities desired by the community and have put these into our forward plans.

One of the most requested education opportunities was for a first aid course so we have arranged for three separate courses to take place in October including the Pub, DBCA and the Gascoyne Junction Remote Community School staff. This is also open to all members of the community.

The popularity of the walking tours is increasing and have been averaging 2 to 3 tours per week. On average we have had four participants per tour. The feedback has been positive from those joining the tours who have enjoyed learning about the history of Gascoyne Junction, why Gascoyne Junction is here and how the community works together. Again the cleanliness and appearance of the town, the friendly locals and great amenities are always mentioned. From a tourism perspective it is encouraging visitors to stay the night in Gascoyne Junction before moving on.

### **Works Manager**

On the 12th August the CEO, Josh Kirk (Greenfields) and I attended a meeting in Carnarvon to align all stakeholders' inputs to the Road Use Agreement with Hastings. Andrew Reid (Hastings), Alan Sheridan (Ashburton) and Dave Nielsen (Carnarvon) were in attendance to what was a very constructive meeting and a huge step closer to formalising the agreement. In a nut shell, all three LG's will adopt their own individual RUA's with Hastings however the terms and conditions are identical. This is to ensure alignment of expectations from all parties and consistency in our approach to co-existing on our public roads. The CEO will put forward a draft copy of the agreement to Council for consideration.

The Gascoyne Dash was held on the last weekend of July. The town crew did an amazing job of preparing the town facilities including the pavilion, banners and bins for the huge influx of people. President of the GORC Mick Gibbings has thank the team for doing such a great job and said the event was a success.

Ian and Thomas spent half a day grading and preparing the race track for the Junction Race Committee as part of our sponsorship and donation in kind. The JRC volunteers have been hard at it preparing for the weekend's events and we wish them well.

Unfortunately we have lost quite a few members at various stages this month to ill health and specialists appointments. This has slowed us down a bit with town maintenance and maintenance grading but we look to be back on track by the end of the month.

### **Maintenance Grading:**

Ian and Thomas have completed grading Carnarvon's section of the Wahroonga Pimbee Road, this will tie into our section that has been previously graded. Ian and Thomas will concentrate on completing the Carnarvon Mullewa road from Gascoyne Junction to the Murchison boundary.

Kevin Burket has completed verge mowing from Mooka to Bidgemia and around town. This has greatly improve driver safety and hopefully reduces impacts with livestock and kangaroos.

### **Works Crew:**

The construction team have well and truly started works on the Landor Meekatharra road. We will upgrade and seal 4.8km of road before the end of October. Our next project will be lowering the Mount Sandiman hill as part of our 2022-23 Black Spot state funding approval.

I am pleased to announce that we have employed Nicholas Mcgrade as our new plant operator. Nick is from Carnarvon and has extensive experience in road train haulage and logistics. Nick is a motivated individual who we think will fit in with the team and become a valuable member.

## Group gets crafty

By **THEONA MITCHELL-SMITH**

JUNCTION Craft Group got together recently for two days of patchwork quilting, applique, garment sewing and fellowship at the Gascoyne Junction Pavilion.

Sixteen ladies and six children camped at the pavilion on Friday and Saturday nights.

Tutor Kate McConkey travelled from Geraldton and group members came from as far afield as Winning

Station, Dalgety Downs and Wahroonga. The next weekend get-together will be on November 26 at the Junction Pavilion.

Ms McConkey will not attend the November workshop but will be at the workshop in October to be held at Wahroonga Station.

Anyone interested in participating on the weekends can contact the president Jenny Fraser at Minnie Creek Station or Judy Kemp at Weedarra Station.

## BOOKS OF THE MONTH

### THE TALE OF A TOOTHBRUSH

Children use their toothbrush each morning and evening, and get new ones every few months. That's billions of toothbrushes! What happens to them all when they're no longer needed? And if toothbrushes take thousands of years to break down, what does that mean for our planet?

With a fun cast of plastic characters, from pirate-ship bottles to dancing shampoos, and even an inquisitive albatross, *The Tale of a Toothbrush* is a positive and heart-warming story to help children explore the impact their choices have on our planet.

### SEWING MADE SIMPLE

This comprehensive book breaks down all of the terms, tools, and skills necessary to become an expert seamstress. More than 500 color images inspire while a detailed visual glossary outlines fabric types, sewing notions, and finishing stitches. Crafters will learn how to master the machine, hand stitch, and work with patterns in no time! Best of all, the book includes instructions for 20 gorgeous projects—pillows, totes, aprons, and more. Accessible and visually stunning, *Sewing Made Simple* is the ultimate resource that sewers—beginners and experts alike—will want on their bookshelf for years to come.

### THE AWAKENING

When Breen Kelly was a girl, her father would tell her stories of magical places. Now she's an anxious twentysomething mired in student debt and working a job she hates. But one day she stumbles upon a shocking discovery.

This newfound fortune would be life-changing for anyone. But little does Breen know that when she uses some of the money to journey to Ireland, it will unlock mysteries she couldn't have imagined. Here, she will begin to understand why she kept seeing that silver-haired, elusive man, why she imagined his voice in her head saying Come home, Breen Siobhan. It's time you came home. Why she dreamed of dragons. And where her true destiny lies—through a portal in Galway that takes her to a land of faeries and mermaids, to a man named Keegan, and to the courage in her own heart that will guide her through a powerful, dangerous destiny...

**RESPECT RESPONSIBILITY RESILIENCE**

## PRINCIPAL'S POST

Hello to parents, families, and the school community.

### END OF TERM VALUES AWARD

We announced our first **Values Award** winner on the last day of term two. Congratulations to Milo Bellotti for having the most values slips. He had a great time spending his \$50 voucher at Toyworld.

Staff, Student Councillors, and community members can award values slips to students. Please feel free to add values slips to the **VALUES BOX** at the Shire to reward students you observe demonstrating our school values of **RESPONSIBILITY, RESPECT and RESILIENCE**.

### WAKAKIRRI PERFORMANCE

Our Wakakirri performance video is finished, and I would like to pass on a huge thanks to our very clever teacher, Miss Wilson, who completed all the editing and produced a terrific video of the performance. The students are very proud of this, and we'll organise a way to share this video once we have formally finalised our copyright details for the music used in the dance/song performance.

### WELCOME BACK

Last week we welcomed Miss Kenny back to school. It's wonderful to see her smiling face around the school again.

### STEPHEN MICHAEL FOUNDATION

Toby and Maxie from Carnarvon have been teaching soccer skills and athletics skills this term. Our students have been highly engaged in these fortnightly sessions.

*Kind regards*  
**Jackie Miller (Principal)**

## STUDENT COUNCILLOR NEWS

Last term we held a Lapathon for Telethon, raising **\$417-00** for this worthy cause. Congratulations to every student for finding sponsors and collecting their donations.

Later this term our student councillors will be organising a **COLOUR FUN RUN** to raise funds for leukemia. They will send home some information in a few weeks.

*From Jannayah and Bridie*

## EVERY DAY MATTERS

Regular absences from school make it difficult for a student to be given the best possible opportunity to demonstrate consistent progress with their learning.

Being absent just one day a week would mean a student misses 40 days of schooling in one year, which is 8 weeks of learning. If this continued over time, a student could miss out on approximately a year and a half of learning between PP and end of Year 6.

The Department of Education states that regular attendance is when a student attends 90% or more of the time. The expectation is that once a student is enrolled at school then there will be a commitment to attend regularly let's continue to work together to promote regular attendance.

Congratulations to these students who have an attendance rate of 90% or more so far this term.

😊 **Milo, Jannayah, Eli & Bridie** 😊

CBCA BOOK WEEK 2022

# Dreaming with eyes open...

Week 6 was Book Week for 2022. The theme this year was 'Dreaming with Eyes Open'. The students had a lovely time all dressed up in their costumes on Friday. The winner of best dressed was Year 6 Bridie Walker who dressed as 'The Old Lady who Swallowed a Mozzie' although we're sure a close second was our very own 'Sleeping Beauty', Mrs Miller.

## WHAT'S HAPPENING IN KINDY AND P/PRIMARY

In the Kindy/Primary class, we have been learning about the life cycle of ants and bees. Andre and Rickeal were exploring our school to look for ants and bugs. Using magnifying glasses added extra fun! They were so excited to see lots of holes in the leaves because they thought caterpillars were eating the leaves! They thought they could not find ants because it was too cold for them to come out! Luckily, they found some ants so they could build an ant farm for. We couldn't say it's an ant farm, Rickeal told me it's ant house! Andre and Rickeal made their own bumble bee puppet after watching a video of 'Life cycle of the Honeybee' and 'How do bees make honey?'.

## National Science Week 13- 24 August 2022

In week 5 of term 3 we celebrated National Science Week. The theme this year was Glass: More than meets the eye. Students began the week by investigating the similarities between honey and molten glass. Students explored the viscosity of honey at different temperatures. We also conducted several different experiments over the week from bouncing eggs, rainbow capillary action and bush water collection. The exciting conclusion to Science Week came when we were visited by artist Sabrina Dowling Giudici who introduced the upper primary students to the process of kiln-formed glass and her process of mixing science with art.

## PINK STUMPS SAVE THE DATE!

We're excited to announce that Pink Stumps Day has returned after missing it last year due to COVID. The school plans to host PSD on the 29th October in conjunction with the opening of Two Rivers Memorial Park by the Junction Shire. Cricket will kick off around 10:30am and be finished by 4:00pm to ensure everyone has enough time to get scrubbed up for the opening. More details will be released as the events get closer, so mark your calendar!

We're excited to announce that Pink Stumps Day has returned after missing it last year due to COVID. The school plans to host PSD on the 29th October in conjunction with the opening of Two Rivers Memorial Park by the Junction Shire. Cricket will kick off at 10:00am and conclude by 4:00pm to ensure everyone has enough time to get scrubbed up for the park opening. More details will be released as the events get closer, so mark your calendar!

# COOK'S CORNER

## Creamy Chicken Meatballs

### INGREDIENTS

#### Meatballs

- 1 lb ground chicken
- 1 tsp lemon zest
- 1 small yellow onion, finely chopped
- 3 cloves garlic, crushed
- 1 TBSP fresh rosemary, finely chopped
- 1.5 tsp sea salt
- 2.5 TBSP olive oil (divided)

#### Mushroom Cream Sauce

- 1 TBSP olive oil
- 1 clove garlic, crushed
- 1 cup mushrooms (minced)
- 1/2 tsp lemon zest
- 1 tsp fresh rosemary, finely chopped
- 1/2 cup [full fat coconut milk](#)(additive free)
- 1.5 cups bone broth or chicken stock
- sea salt (to taste)
- 1 TBSP tapioca starch
- 1 TBSP water

## Creamy Chicken Meatballs

### INSTRUCTIONS

#### Meatballs

1. In a large bowl combine ground chicken, lemon zest, finely chopped onion, crushed garlic, finely chopped rosemary, sea salt and 1 TBSP olive oil.
2. Use your hands to bring the mixture together and carefully form into 1-inch meatballs. The mixture will be soft and sticky, but it will hold together during cooking. If the wetness/stickiness bothers you, feel free to use gloves during this process.
3. In a large skillet, heat remaining 1.5 TBSP olive oil on medium heat.
4. Once oil is hot, add meatballs in an even layer and cook 5-6 mins per side until golden brown.
5. Remove meatballs from pan and set aside.

#### Sauce

1. To the same skillet, add 1 TBSP olive oil over medium heat.
2. Add crushed garlic and sauté until garlic begins to brown.
3. Add finely minced mushrooms\*, lemon zest, and rosemary and sauté 5 minutes further, stirring frequently.
4. Next, add in coconut milk, bone broth or chicken stock and bring to a simmer. Add salt to taste and allow to simmer for 5 minutes.
5. In a small bowl, make a slurry by combining tapioca starch with water. Add slurry to pan and whisk over heat until mixture begins to thicken.

## UPPER GASCOYNE AS A DARK SKY TOURISM DESTINATION

We have two exciting yet separate projects coming up within the Shire in the space of Astrotourism.

### **The Shire of Upper Gascoyne to become an Astrotourism Shire**

From August 28 to August 30, Carol Redford from Astrotourism WA will be visiting the Shire as part of our Dark Sky Tourism destination plan. During this visit Carol will be visiting sites across the Shire to map out a Dark Sky Tourism Trail that will welcome visitors for stargazing and astronomical activities.

During her visit Carol will also be holding community gatherings, one in Mount Augustus and one in Gascoyne Junction. We would love to have as many of you come along to discuss the proposed trail and how we can work together to maximise its potential across the Shire.

#### **Mt Augustus:**

##### **Monday August 29 at Mt Augustus Tourist Park**

2pm to 3pm Community Forum to hear about the program and share feedback

3pm to 4pm 1:1 Meetings with interested stakeholders

#### **Gascoyne Junction:**

##### **Tuesday August 30 at the Shire of Upper Gascoyne Chambers**

1pm to 2pm: Community Forum to hear about the program and share feedback

2pm to 3pm 1:1 Meetings with interested stakeholders

During Carol's onsite visit we will be looking at uncovering unique selling points in our local area to highlight our Shire and establish a competitive edge by uncovering Dark Sky Tourism Experiences. The overall aim of the project long term is to create jobs across the Shire and increase our tourism capacity. Whilst we will be taking in places during the day, we are also going to be exploring at night to choose the best night sky locations and also to measure night sky quality to monitor the darkness.

Through this visit we want to identify:

- Sites where visitors are welcome for stargazing activities to use telescopes and binoculars.
- Astrophotography Hot Spots where visitors are welcome for stargazing activities and to use cameras

We would any suggestions you have at these community events or prior to the event by emailing [tcdo@uppergascoyne.wa.gov.au](mailto:tcdo@uppergascoyne.wa.gov.au) or calling Ainsley on 9943 0988. These sites need no special infrastructure, but ablutions, shelter and/or picnic facilities would be a bonus.

I hope to see as many of you as possible at either of these meetings with Carol.

# Solar Eclipse 2023

We are collaborating with the Shire of Carnarvon to coordinate the marketing of a series of events based around the 2023 Solar Eclipse that will be occurring on Thursday 20 April in Exmouth. Around 11.27am the path of totality will graze the tip of WA along the Gascoyne coastline drawing thousands of

visitors to the Gascoyne. With both our Shire and the Shire of Carnarvon becoming Astrotourism Towns we are poised to attract visitors to the region. On the day Gascoyne Junction will receive 90.25% coverage, Kennedy Range National Park 92.19% coverage and Mt Augustus 87.81% coverage. You can find more details on the Solar Eclipse on the Shire webpage: [www.uppergascoyne.wa.gov.au/tourism/what-to-see/solar-eclipse-2023](http://www.uppergascoyne.wa.gov.au/tourism/what-to-see/solar-eclipse-2023)

## KEY DATES

- 18 April: Stargazing Cocktail Event at Coral Bay
- 20 April: Solar Eclipse
- 22 April: Bush Dance under the Stars in Gascoyne Junction
- 25 April: ANZAC Day in the Junction

## How can you benefit from this rare opportunity?

The 2023 eclipse is expected to be very well attended by enthusiasts and media from all over the world. Eclipse chasers travel obsessively to see these solar occurrences. There is an opportunity to leverage off the exposure of this event and increased visitor levels to the region.

### What we are looking for:

Event organisers or venues interested in creating and implementing a suitable event under the Carnarvon/Coral Bay/Upper Gascoyne Solar Eclipse event brand, which is unique to the program and may not necessarily be available at any other time of the year

- A mix of free and ticketed events that will entice day trippers, locals and short haul visitors from Perth and other target markets
- Expressions of interest, even though you may not have an idea, we can support to develop your concept with you
- Products or services that meet the needs of additional visitors to the region

### Opportunities to Consider:

Open Sky Accommodation	Stargazing Tours	Visiting geological & natural attractions
Musical Performances under the Stars	Special Event Astrophotography	Star Bathing
Aboriginal and Guided Astronomy Tour	Navigational Team Building Experience under the Stars	Yoga under the Stars
Day turns to night Quad Tours	Silent Disco	Camping under the Stars
Micro Flights	Viewing wildlife at Night	Dinner under the Stars
Public Stargazing		

If you have an idea, or an event you would like to develop please do not hesitate to reach out. The earlier we start the further reach we can get for the event.
