PROUDLY PUBLISHED AND PRINTED BY

Hello Readers

It has been a very busy month, and in the lead up to Christmas it is not going to get any quieter. I attended the Mount Augustus Long Table Dinner on the 8<sup>th</sup> of September 2018. There were about 200 guests in attendance, making this largest event held by Mount Augustus Tourist Park. The meals and entertainment were fantastic, I had the opportunity to take Peter Hutchinson with me; Councillors Walker and McKeough were also in attendance.

On September the 14<sup>th</sup> I attended the Carnarvon School of the Air 50<sup>th</sup> Anniversary Boots and Black Tie Ball at Wooramel River Side Retreat. It was a very well organised and run event which was enjoyed by all who attended. It was great to see so many people support the event with the funds raised going to a very valuable organisation that supports children within our Shire.

Work for the new War Memorial at the proposed new town development site (the old caravan park) will be taking place in the coming weeks when the house has been relocated to Hatch Street. Once this is done then our town works crew will be able to prepare the site and lay the footings in preparation of erecting the War Memorial.

Unfortunately the Shire has had to close the Ullawarra Road and Edmund Gifford Creek Road to all traffic until the 22<sup>nd</sup> of October (Under Section 3.5(2) all vehicles associated with Pastoral Activities are exempt) due to the severity of the damage that the road has sustained. It is not ideal and it did impact on travel arrangements by tourists to our region, but it was necessary for the safety of our patrons and to prevent further damage to the road.

On a more positive note is the news is that the Shire have just been advised that we have been successful in securing a further \$2,828,684 under the Heavy Vehicle Safety and Production Program to carry out up-grades on Ullawarra Road, the Shire will need to raise a further \$2,828,684 from external sources as our contribution toward a total project cost of \$5,657,369.00. After discussions with Hastings Technology Metals Ltd, they have confirmed that they will match the co-contribution amount that is required to proceed with the upgrade.

I am also excited to announce that Horizon Power have sponsored our Community Christmas Party with a donation of \$2,000. The Horizon Power 2018 Community Christmas Party will be taking place on Thursday 13<sup>th</sup> December, as in previous years there will be a free Community Christmas dinner and we ask that all community members please bring a side dish or a dessert to share on the evening.

Melbourne Cup is almost upon us again, this year the Junction Pub and Tourist Park have offered to **host this event for our community, so don't forget to grab a ticket and watch all the action on their big screen!**

For the rest of October I will be in and out of the office periodically, so I have appointed Jarrod Walker as the acting CEO. I will still be available by email and mobile phone during this time.

John McCleary, JP

CHIEF EXECUTIVE OFFICER

## CHANGE OF MEETING DATES

Local Government (Administration) Regulations 1996 reg. 12 (2)

Notice is hereby given that the Ordinary Meeting of

Council scheduled to be held on:

Friday 14th December 2018 at 8:30am

is now scheduled to be held on

Thursday 13th December 2018 at 8:30am

The meeting will be held in the Council chambers, Lot 4 Scott Street, Gascoyne Junction.

John McCleary

CHIEF EXECUTIVE OFFICER

# BULLSEYE FIELD DAY

Improving herd productivity and carcass quality of southern rangeland herds

Friday 19 October 2018

Mt Augustus Station

9.00am cuppa for a 9.30am start

RSVP by 15 Oct: Greg Brennan - [greg@grazinginnovation.com](mailto:greg@grazinginnovation.com)

Swagging facilities available  
Accommodation available at Mt Augustus  
Tourist Park – Cathy on 9943 0527

[http://www.mtaugustustouristpark.com/  
accommodation---contact-us.html](http://www.mtaugustustouristpark.com/accommodation---contact-us.html)

Smoko, lunch, dinner & next morning  
breakfast by Alys McKeough

## At the homestead

1. Selecting herd bulls using Estimated Breeding  
Values to drive herd improvement

Tony Sudlow, Kapari Angus Stud, Northampton.

[http://www.kapariangus.com.au/breed-  
objectives](http://www.kapariangus.com.au/breed-objectives)

[http://breedplan.une.edu.au/brochures/  
BREEDPLAN%20Flyer%20Web.pdf](http://breedplan.une.edu.au/brochures/BREEDPLAN%20Flyer%20Web.pdf)

2. Designing pastoral breeding programs to  
improve carcass quality servicing the live  
export, domestic & the developing Chinese  
markets.

Alan Peggs, Alan Peggs Rural, consultant to the  
WA livestock industries.

Herd improvement programs for changing  
markets and DEXA introduction

[http://www.teysaust.com.au/dexa-technology-  
beef-industry/](http://www.teysaust.com.au/dexa-technology-beef-industry/)

3. Managing the pastoral females for  
productivity, to control pregnancies and  
optimise income from female sales

Dr Bob Nickles, for Great Northern Rural,  
Geraldton

4. Disease control management in the pastoral  
herd and its economic impact

Gavin Craig, Zoetis, Dongara.

## Cattle Yard & Paddock Activities

5. Using modern cattle weighing and recording  
technologies to improve profits

Matthew Hammarquist, Mt Augustus station

Using Gallagher TW3 Weigh Scale and Data  
Collector for comparing economics of selling  
small bulls or castrating them for sale 12 months  
later – a Bullseye project.

6. Design, construction and use of cost-effective  
infrastructure to optimise mustering efficiency,  
genetic improvement and minimise mickey bull  
matings.

Jim Addison, Kalgoorlie

Case studies of local pastoralists' different  
approaches to infrastructure design and herd  
management (funded by Rangelands NRM).

7. Estimating seasonal carrying capacity in a  
paddock using visual assessments supported by  
Greenness Index figures from remote sensing

Matthew Hammarquist and Jim Addison

Assessing available fodder supply to optimise  
livestock productivity; infiltration rings will  
demonstrate rainfall infiltration rates.

## Back at the homestead

8. Marketing strategies for effective surplus heifer  
and cull cow turn-off

Stock agents.

9. Summary and feedback for future actions –  
closing at 5:00pm, followed by dinner.

## Who's behind this?

This field day is made possible by the generosity of the Hammarquist family, the owners of Mt Augustus station; and the Bullseye Grower Group R&D project administered through the Department of Primary Industries and Regional Development's Agricultural Sciences Research and Development Fund. Bullseye is hosted by the Gascoyne Catchments Group, and partners with the Rangelands Fibre and Produce, Meekatharra RBA, the Goldfields/Nullarbor RBA, Rangelands NRM.

HASTINGS TECHNOLOGY METALS LIMITED  
YANGIBANA RARE EARTHS PROJECT ENVIRONMENTAL REVIEW DOCUMENT (ERD)  
(1 October 2018 – 28 October 2018)

Hastings Technology Metals Limited is proposing to develop the Yangibana Rare Earths Project (the Proposal), located approximately 270 km east-northeast of Carnarvon, in the Upper Gascoyne region of Western Australia (WA). The Proposal will involve mining above and below the ground water table, on-site processing of ore, water abstraction, and transport via road to Geraldton or Fremantle port for export.

An Environmental Review Document (ERD) has been prepared by Hastings Technology Metals Limited in accordance with Environmental Protection Authority (EPA) procedures and is released for public review. The ERD describes the proposal, examines the likely environmental effects and the proposed environmental management procedures associated with the proposed development.

Hard copies of the document may be purchased for \$10 (including postage), or an electronic version is available free of charge from:

Hastings Technology Metals Limited  
Westralia Plaza  
Box No. 6 Mercantile Lane  
Perth WA 6000

08 6117 6118

Copies of the document may also be downloaded from [www.epa.wa.gov.au](http://www.epa.wa.gov.au) or <https://hastingstechmetals.com/>.

Copies of the document will be available for examination at:

Carnarvon Public Libraries  
Gascoyne Junction Community Resource Centre  
State Library of WA

Public submissions are to be received by the EPA by 28 October 2018.

Submissions are to be made at: <https://consultation.epa.wa.gov.au>.

Alternatively, submissions can be:

posted to: Chairman, Environmental Protection Authority, Locked Bag 33, Cloisters Square, PERTH WA 6850, or

Delivered to: the Environmental Protection Authority, Level 4, The Atrium, 168 St Georges Terrace, Perth 6000.

If you have any questions on how to make a submission, please ring the EPA Services of the Department of Water and Environmental Regulation on 6364 7000.

## Newsletter

15/10/2018

### PRINCIPAL'S POST

Welcome back to the final term for 2018.  
**Hasn't the time flown yet again!!**

This newsletter begins with a sincere thanks to Mrs Barb Piercey for her dedication to the education of the students at Gascoyne Junction School. Mrs Barb worked in tandem with, and guidance of Peter Polakiewicz. Her appointment began as a four-week contract after negotiations I had with Miss Barb at the Perth camp!! After further negotiation, we were fortunate enough to extend the contract to four weeks plus one term, then plus one week. Unfortunately Miss Barb now leaves us to take on some new adventures.

On behalf of all staff, parents and students I thank Miss Barb for her hard work and wish her well in her travels. The programme and routine for students will continue in the same fashion.

On October the 22<sup>nd</sup> we welcome a new teacher, Ms Toni Lewis into our school.

Recently, Principals in the Coral Coast Schools Network identified key areas on which to focus during 2019.

(Shark Bay PS, Useless Loop, Carnarvon School Of The Air, Exmouth, Burringurrah, Carnarvon Community College and Gascoyne Junction),

Trauma Informed Practice was one area chosen based on latest research.

Last Monday, all staff from Gascoyne Junction participated in professional learning with staff from Carnarvon Community College, to address this focus.

This is timely for our school and enabled us to bring all staff from the school together to facilitate our whole school approach to managing best practice for our students. This practice is beneficial to all students and provides staff with de-escalation strategies.

Teaching staff has consistently practiced these strategies this year. It is hoped that with the extension of understanding the strategies to the whole school, even further consistency and improvement of behaviour will occur.

We are heading into an exciting term. Come and join us!

**'Til next time,**  
Chris Polakiewicz

### EXCELLENCE

**Academic:** Standardised testing indicates that from February to August 2018 all students progressed between 12 and 24 months in reading, spelling and maths. Testing for the end of year will be conducted in November to determine the final levels of progress from these clever kids!!

**NAPLAN:** Indicated that 50% of students are above Australian wide averages in spelling, word study and grammar. 50% of students are within the average range or above for reading, maths and writing. Although this is one test on one day it does correlate with school indications of student achievement.

## Meeting

## School Council

Monday 22<sup>nd</sup> October 2018

Staff room

4:00pm

Please join us.

**ALL WELCOME**

# CHRISTMAS PARTY

DEC 13TH 4:30 PM @ PAVILION

- FREE COMMUNITY DINNER -
- WATER SLIDE FOR CHILDREN -
- CHRISTMAS MARKETS -
- SCHOOL PRESENTATIONS -

SANTA  
VISITS  
6:30 PM

Please contact the Shire on 9943 0988 to register your child with Santa cost \$12.50 per child or to register your market stall. Community members please bring a shared side dish or dessert

# Shire Christmas Party 2018

## **REGISTRATION FOR CHILDREN'S CHRISTMAS PRESENTS.**

The Gascoyne Junction Community Christmas Party is on Thursday 13th December at the Pavilion. All parents in the Shire of Upper Gascoyne wishing for their children to receive a present from Santa, the Shire will require \$12.50 per child to cover the cost of a present.

Visitors from outside the shire and their children are very welcome to attend, however they will need to register their children at the Shire Office and pay \$25.00 per child for a gift to be supplied.

These will need to be paid before the 23rd November 2018. Payments can be made by phone or in person at the Shire office.

Santa will be arriving 6:30pm.

We are asking families to please bring along a salad or sweet to help assist with catering. If you are planning on coming along to this event please contact the Shire on 99430988 or email [finance@uppergascoyne.wa.gov.au](mailto:finance@uppergascoyne.wa.gov.au) to let us know numbers.

Thank you.

*Wishing you all a Safe & Merry Christmas!*

The Shire Office will be closing  
for Christmas between:

Friday 21st December 2018  
and Monday 7th January 2019

## THE FUTURE IS 'ROSI' FOR KEY ROADS

The 10-year, \$3.5 billion Roads of Strategic Importance (ROSI) initiative, will see significant investment in key road freight and tourism corridors, as part of the Australian Government's commitment to deliver game-changing productivity improvements across Australia's supply chains.

Federal Member for Durack, Melissa Price, was pleased principles had been released to help prioritise investments and ensure funding would be directed at improving road reliability, and better connect communities.

**"Works funded through the ROSI are expected to make a real difference to local communities, through sealing, flood immunity improvements, road strengthening and widening, pavement rehabilitation, bridge and culvert upgrades and road realignments to freight roads and transport hubs".**

**"The pinch points targeted through this funding will help to ensure industry can efficiently move freight from key agricultural and mining areas, to transport hubs and processing facilities."**

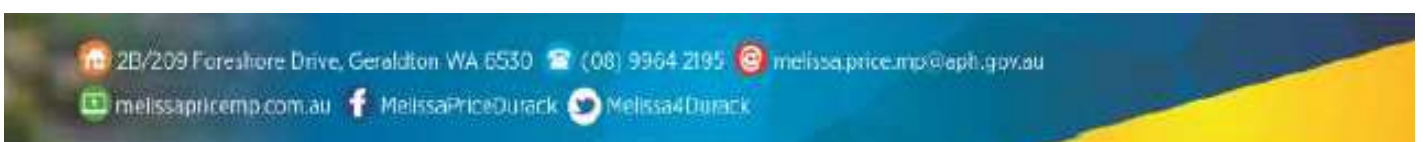

**"The stakeholder consultations across Northern Australia are particularly important for my constituents to be engaged in, so local knowledge can help inform federal solutions."**

Deputy Prime Minister and Minister for Infrastructure, Transport and Regional Development Michael McCormack said the Roads of Strategic Importance initiative would deliver targeted upgrades across corridors to provide a more reliable road network, improve access for higher capacity vehicles, and better connect regional communities.

**"Investment in these strategic corridors will facilitate regional economic growth by helping support the expansion of key local industries, improve connectivity and access, while also improving safety on these key roads," Mr McCormack said.**

Funding under the package will be available over 10 years from 2018–19. More information is available at: [http://investment.infrastructure.gov.au/key\\_projects/initiatives/roads\\_strategic\\_importance.aspx](http://investment.infrastructure.gov.au/key_projects/initiatives/roads_strategic_importance.aspx)

## New meningococcal vaccine to support Durack teenagers

1 October 2018

The Federal Government will invest \$52 million to protect Australian teenagers, including those in the Durack electorate, against meningococcal, with the launch of a new free national program for 14- to 19-year-olds.

Member for Durack and Minister for the Environment Melissa Price said more than one million teenagers will receive the free meningococcal A, C, W and Y vaccine, over the next four years.

**"It will be added to the National Immunisation Program from April 2019 and provided to students aged 14 to 16 years under a school based program," she said.**

**"Adolescents aged 15 to 19 years of age, who have not already received the vaccine in school, will be able to receive the vaccine through an ongoing GP-based catch up program."**

Meningococcal is a rare but very serious infection that occurs when meningococcal bacteria from the throat or nose invades the body. The consequences are devastating for individuals and their families.

**"In recent years we have seen a rise in the number of invasive meningococcal disease cases in Australia. In 2017, there were 382 cases reported nationally, compared with 252 cases in 2016 and 182 cases in 2015," Minister Price said.**

**"Deaths associated with meningococcal disease have also risen dramatically, with 28 deaths in 2017, compared with 11 deaths in 2016 and 12 deaths in 2015."**

The announcement follows a recommendation from the Pharmaceutical Benefits Advisory Committee (PBAC) to list the meningococcal A, C, W and Y vaccine for adolescents.

The Committee is independent of Government by law and in practice. By law the Federal Government cannot list a new medicine or vaccine without a positive recommendation from PBAC.

Minister Price said from July 1, every 12-month-old in the country is offered a free ACWY meningococcal vaccine and every mother is given the opportunity to vaccinate against whooping cough with a free vaccine.

**"I encourage everyone to get the facts about immunisation by visiting: [health.gov.au/immunisation](http://health.gov.au/immunisation)," the Minister said.**

**ENDS**

# REMEMBRANCE DAY

AT THE GOING DOWN THE SUN AND IN THE MORNING

**NOVEMBER 11**

WE WILL REMEMBER THEM

Remembrance Day Poppies for Sale at the Gascoyne  
Junction Community Resource Centre.

### WARTIME SNAPSHOTS

The 2018 Remembrance Day posters feature four portraits of Australians who served at Gallipoli in 1915, which were created by combining hundreds of portraits of men and women who have served in our defence forces over the past century. Representing the Royal Australian Navy (RAN) is a portrait of Commander Leighton Bracegirdle DSO. He commanded the 1st Royal Australian Naval Bridging Train at Suvla Bay, Gallipoli, in 1915.

The Australian Army's portrait is of Private Frederick James Adams, 8th Battalion, who was killed in action during the landings at Gallipoli on 25 April 1915.

The Royal Australian Air Force's (RAAF) portrait is Lieutenant Alexander Finnie, 4th Squadron Australian Flying Corps (AFC), who was evacuated from Gallipoli with gas poisoning in August 1915 before joining the AFC.

Sister Rachael Pratt represents the service of women in the defence force over the past century. She served with the Australian Army Nursing Service at Gallipoli and was awarded a Military Medal for bravery whilst serving under fire in France.

## AERIAL BAITING PROGRAM

1st September 2018

Vehicle's loaded with donkeys, supplied by Edmund Station.

Thank you to Edmund, Bidgemia and Dalgety Downs Stations for supplying the animals for this baiting program.

Thank you to the helicopter pilots, Richard and Peter,  
the shooters, Warren, Lester, Paul, Dylan, Robbie, Michael and Dave.

Also Brett and Tom for the processing of baits - Final processing finished 26th September 2018.

Photos By: Warren Kempton & Dave Higgs.

Meat being loaded into chiller for processing.

## AERIAL BAITING PROGRAM

4th October 2018

Three tonne of 100gram baits laid out at the Dairy Creek Station drying racks ready for the 1080 injection process.

Photos By: Dave Higgs

Shire of Upper Gascoyne

20

Town Maintenance Supervisor/LEMC & Biosecurity Coordinator

5TH October 2018

Three tonne of meat thawing out and three tonne of meat drying out for bagging.

Total of six tonne of meat for baiting, supplied by Kenny Kempton and his team. Also Simon Adamson from CRBA (Carnarvon Regional Biosecurity Association) approved LPMT ( Licenced Pest Management Technician.)

The meat was a combination of donkey, beef & camel ready for aerial baiting Thursday 11th & 12th October 2018 for Stations in the Shire of Upper Gascoyne.

The Chief-Pilot was Eric Roulston from Norwest Air Work.

Coordinators were Don Hammarquist, Hamish McTaggart and Dave Higgs

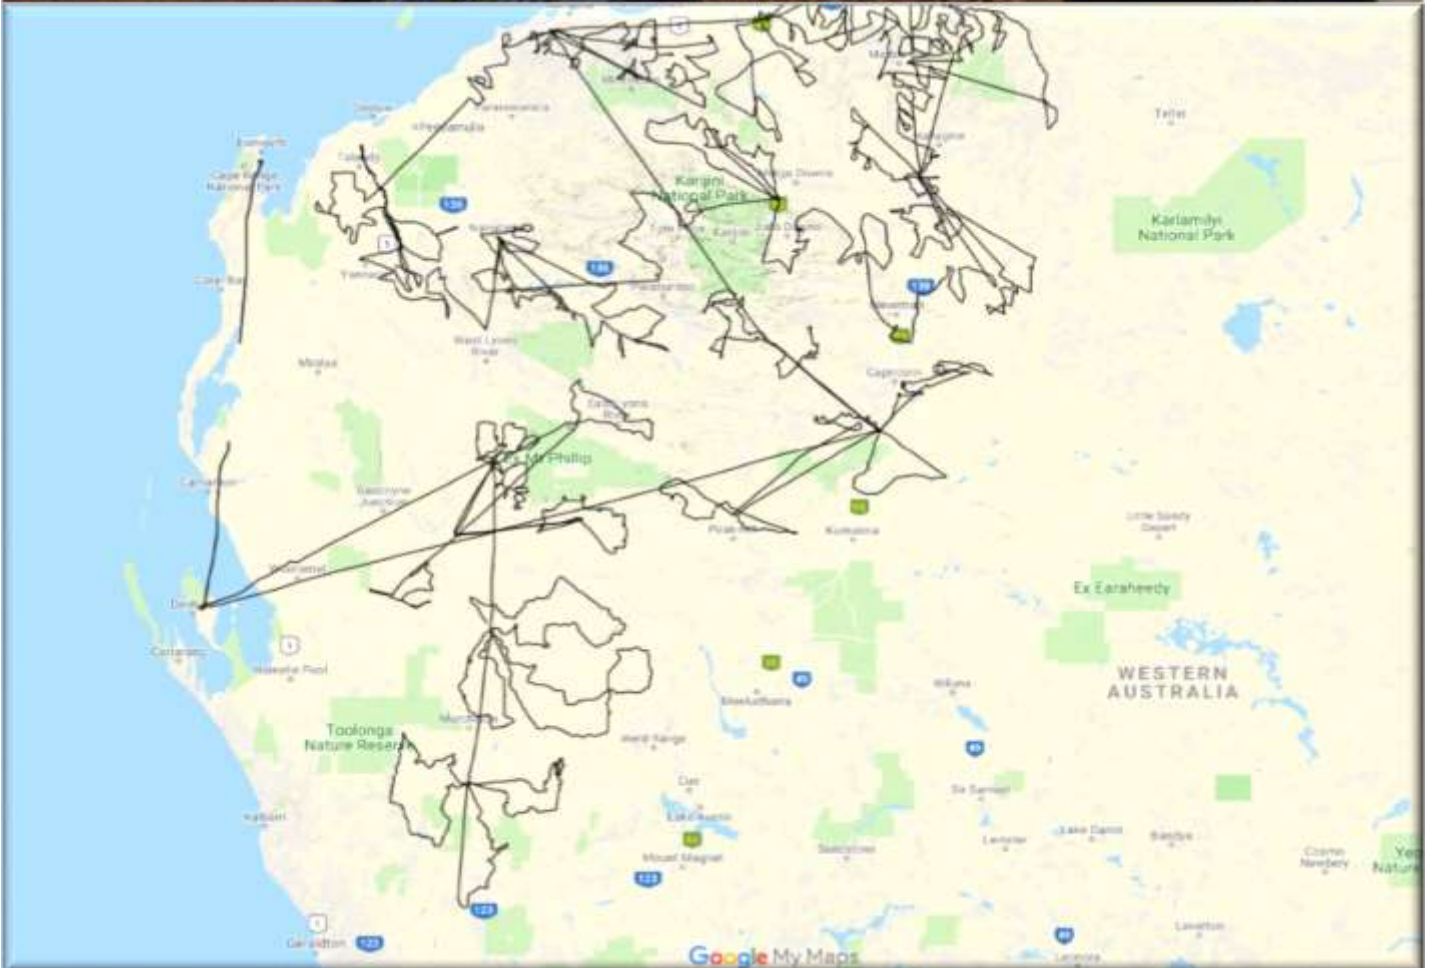

David Blood CEO from CRBA.

Much appreciation given to Station Owners, who participated in the Program:

Ross Collins Glenburgh Station, Ray from Dairy Creek Station, Cliff Hughes Mooloo Downs Station & Matt Hammarqist Bingegaroo Station.

Total of six tonne of meat for baiting,

This is the flight plan

# 1080 baiting: a risk to domestic pets

The Department of Primary Industries and Regional Development advises that baiting programs using 1080 are carried out across the state, and are aimed at controlling wild dogs, foxes, feral cats, feral pigs and rabbits.

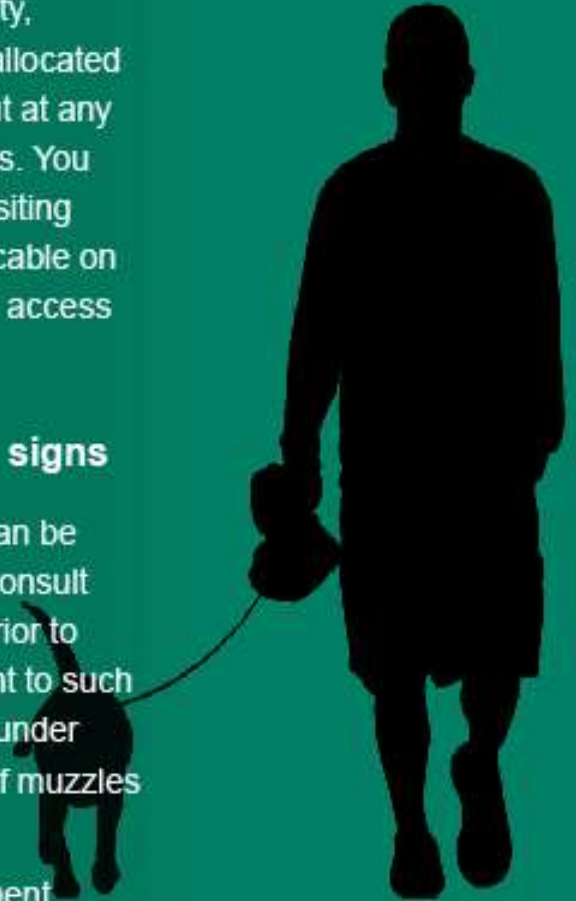

Baiting of pastoral leases, Department of Biodiversity, Conservation and Attractions (DBCA) reserves, unallocated Crown Lands and freehold farms may be carried out at any time. The poison baits remain toxic for many months. You need to exercise caution when working within, or visiting these areas. Warning signs are placed where applicable on pastoral, DBCA, unallocated Crown Land and main access roads in agricultural areas.

## Do not rely upon the presence of warning signs

Signage may not be in the immediate vicinity and can be weather damaged, removed or destroyed. Please consult with individual pastoralists, DBCA and/or farmers prior to entering their lands. Baiting may take place adjacent to such areas and domestic pets should be kept close and under control at all times. Owners may consider the use of muzzles for their domestic pets.

1080 baiting is part of the integrated pest management program to protect livestock from death and injury, reduce the impact upon agricultural production and help preserve the unique flora and fauna of WA.

**If poisoning occurs, please seek immediate medical attention or veterinary assistance or contact the Poisons Information Centre on 13 11 26.**

## Mt Augustus Tourist Park

Camp on green shady sites or stay in our comfortable accommodation

View the stars from around your own campfire

Conquer the 'world's biggest rock' and explore the National Park's walking trails

Swim, watch the birds and catch fish at Cattle Pool

Enjoy the local flora, fauna and the Aboriginal etchings

A great get away for the whole family

## Finding Breast Cancer Early

*October is breast cancer awareness month. Breast cancer is the most commonly diagnosed cancer in WA women, who have a 1 in 10 chance of being diagnosed by age 75. Men can also get breast cancer although it is rare.*

Throughout regional WA, the *Find Cancer Early* program is urging people to pay attention to changes in their body and if they notice anything unusual, to tell their doctor.

### What are the common symptoms of breast cancer?

- New persistent pain or discomfort
- A change in shape, size or feel of your breasts
- Any lump or lumpiness or thickening of the breast or under your arm
- Changes in the skin such as puckering, redness or dimpling of the breast
- Any change in nipple position or nipple discharge

If you have had any of these symptoms, tell your doctor. It doesn't mean you've got breast cancer, but it's important to tell your doctor and get checked.

*Remember, if it is breast cancer, the earlier it's found, the greater the chance of successful treatment.*

Thanks to research and advances in early detection, screening and prevention, more than 90 per cent of women with breast cancer are still alive 5 years after diagnosis.

### How you can check your breasts

Take the time to become breast aware; in the shower, when getting dressed, looking in the mirror, putting on body lotion, lying down in bed and feel your breasts, this helps you know what is normal for you, so you can notice any changes.

- Remember to feel all the breast tissue, from the collarbone to below the bra-line and under the armpit.
- Use the flat part of your fingers and finger pads to feel near the surface and deeper in the breast.

For more information or to book a free cancer prevention talk for your community please contact your local Regional Education Officer

Tina Pendlebury | Midwest Region  
Cancer Council Western Australia  
T: + 99562406  
Email: [tpendlebury@cancerwa.asn.au](mailto:tpendlebury@cancerwa.asn.au)

If you notice a change in the size, shape or feel of your breast, redness or dimpling, **tell your doctor**

A lump isn't the only sign of breast cancer.  
More info at [www.findcancerearly.com.au](http://www.findcancerearly.com.au)

## Chicken Marsala

### Ingredients

4 boneless, skinless chicken breasts, 6 ounces each  
3 tbsp. flour  
1 1 large shallot 10-ounce package sliced cremini mushrooms  
1 large shallot  
1 clove garlic  
1/2 cup. low-sodium chicken broth  
1/2 cup. marsala wine

### Method

Using the flat-side of a meat mallet or bottom of a heavy saucepan, pound the chicken breasts to 1/2 inch thick. Season with 1/4 teaspoon kosher salt and 1/4 teaspoon freshly ground black pepper. Lightly coat the chicken breasts with flour. Heat 1 tablespoon olive oil in a large skillet on medium and cook chicken until golden brown, 4 to 5 minutes per side; transfer to a plate.

While the chicken is cooking, finely chop the shallot and garlic.

Add 1 tablespoon olive oil to same skillet. Cook the sliced cremini mushrooms on medium-high, tossing occasionally, until golden brown, 5 minutes. Add the chopped shallot and garlic. Season with 1/4 teaspoon salt and 1/4 teaspoon freshly ground black pepper; cook 2 minutes.

Add the low-sodium chicken broth and Marsala wine to the skillet along with the browned chicken and its juices and simmer until the liquid is reduced by half, 4 minutes. Sprinkle with chopped parsley. Serve with sautéed spinach.

## Red Velvet Cheesecake

### INGREDIENTS

350G PLAIN CHOCOLATE BISCUITS  
1/3 CUP (40G) ALMOND MEAL (GROUND ALMONDS)  
100G UNSALTED BUTTER, MELTED  
DUTCH COCOA, FOR DUSTING

### *FILLING*

250G CREAM CHEESE, CHOPPED  
3/4 CUP (150G) RICOTTA  
1/2 CUP (110G) CASTER (SUPERFINE) SUGAR  
2 EGGS  
1 TEASPOON VANILLA EXTRACT  
100G DARK CHOCOLATE, MELTED  
1 1/2 TABLESPOONS RED FOOD COLOURING

### **METHOD**

Place the biscuits and almond meal in the bowl of a food processor and process until coarse crumbs form. Add the butter and process until combined.

Line the base of 4 x 10cm-round lightly greased spring form tins with non-stick baking paper.

Using the back of a spoon, press the crumb mixture into the bases and sides of the tins. Refrigerate for 30 minutes–1 hour or until cold.

Preheat oven to 140°C (275°F).

To make the filling, place the cream cheese, ricotta and sugar in the bowl of a food processor and process for 2–3 minutes or until smooth.

Scrape down the sides of the bowl, add the eggs and vanilla and process for a further 1 minute. Add the chocolate and food colouring and process until well combined.

Divide the mixture over the bases and bake for 40–45 minutes or until set. Allow the cakes to stand at room temperature for 30 minutes before refrigerating for 2–3 hours or until cold.

Dust with the cocoa just before serving. Serves 4–6.

# GASCOYNE JUNCTION CRAFT GROUP CALENDAR

24th and 25th Feb	Untutored Workshop
24th and 25th March	Untutored Workshop
14h April – 29th April	April School Holidays and Easter
14th and 15th April	Dongara Autumn Craft Round Up Road Trip
28th and 29th April	Tutored Workshop TBC
11th – 13th May	Music Festival (Sculpture Trail)
2nd – 4th June	Junction Craft Group Reunion Weekend
16th and 17th June	Tutored Weekend
30th June – 15th July	School Holidays
11th and 12th August	Untutored Craft Weekend
15th and 16th Sept	Untutored Craft Weekend
22nd Sept – 7th Oct	School Holidays/Landor Races
13th and 14th Oct	Mosaic Workshop
24th and 25th Nov	Christmas Craft

## Movie Words

You'll never see 'em this way on any marquee, but 20 film titles are represented below. *Inside* each square is a picture or group of letters that leads to a title of a well-known movie, but you'll need to think *outside* the box to figure 'em out! For example, a circle containing the letters CAS would be *Casino* (CAS in O). Can you deliver a four-star performance and identify all 20 films?
